

THE WORLD CHANGES WITH ZAKAT

Share your zakat to support lives struggling with hunger,
disaster, war, and scarcity, and reach to the lives of
thousands in need around the world.

The world continues to grapple with natural disasters, hunger, poverty, infectious diseases and wars. The escalating humanitarian crises all the world only heighten the need for sharing.

For over 23 years, we have been delivering your zakat donations to hundreds of thousands of people in need across the challenging landscapes of the world.

With your zakat, we provide healthcare services such as examination, surgery, treatment, and medication support in the regions of humanitarian crises, and distribute food packages to be able to meet the basic needs. Through the hot meal distributions that we provide, we reach out to those in need and working tirelessly to heal wounds. By sharing your zakat with the world, you can make a difference in someone's life.
